A good year for identical twins!

At A Level our twins both achieved 4 A*s; both will proceed to Cambridge

At GCSE our twins both achieved 10 A*s

Congratulations all round!

Congratulations to all our pupils who achieved such outstanding results. These headline figures only tell one side of the story; we know of so many pupils who have worked with commitment and enormous effort and have achieved results that do them, their parents and this school proud. We recognise and salute all those who, through determination and by building on the support they have been offered, have fulfilled their potential in so many ways, including in their exam results. Well done!
